

Program

XXX

**Congress of the Society of
Serbian Neurologists
with International Participation
November 14-16, 2024
Belgrade, Serbia**

	Hall 1	Hall 2	Hall 3
07.30-08.30	<p>HOW TO TREAT CLUSTER SEIZURES AND SUDDEN WORSENING OF EPILEPSY</p> <p>K. Gebauer Bukurov, Novi Sad M. Milovanović, Belgrade</p> <p>1. Why do sudden deteriorations of epilepsy occur with breakthrough seizures and seizure clusters? M. Milovanović, Belgrade</p> <p>2. How to treat exacerbations of epilepsy K. Gebauer Bukurov, Novi Sad</p> <p>3. Video presentation of a patient with a series of epileptic seizures V. Galić, Novi Sad</p> <p>4. Q&A</p>	<p>TREATMENT OF PATIENTS WITH ACUTE ISCHEMIC STROKE IN THE STROKE UNIT</p> <p>T. Švabić, Belgrade N. Basurović, Belgrade</p> <p>1. Stroke unit and its significance N. Basurović, Belgrade</p> <p>2. General measures for treating acute ischemic stroke T. Švabić, Belgrade</p> <p>3. Recognition and treatment of early complications of ischemic stroke D. Vlahović, Belgrade</p> <p>4. Q&A</p>	<p>TREATMENT OF ACUTE INVOLUNTARY MOVEMENTS</p> <p>I. Petrović, Belgrade V. Marković, Belgrade</p> <p>1. Akinetic-rigid syndrome in the emergency department: Four most common treatable causes I. Petrović, Belgrade</p> <p>2. Hyperkinesia in the emergency department: Involuntary movement suggests etiology A. Tomić Pešić, Belgrade</p> <p>3. Quiz: video session V. Marković, Belgrade</p> <p>4. Q&A</p>
Entrance Hall 1			
07.30-09.00	Registration		
	Hall 1	Hall 2	Hall 3
09.00-09.30		<p>OPENING CEREMONY OF THE 20TH CONGRESS OF THE SOCIETY OF SERBIAN NEUROLOGISTS</p> <p>“Combining Youth and Experience”</p>	

	Hall 1	Hall 2 – Plenary Session	Hall 3
09.30-11.30		<p>SECRETS OF THE CEREBRAL CORTEX A. Ristić, Belgrade O. Ibrahimagić, Tuzla</p> <p>1. Anatomical Overview: Introduction to the fascinating world of the cerebral cortex A. Maliković, Belgrade</p> <p>2. Neurosurgical approach: Functional neuroanatomy of the cerebral cortex I. Bogdanović, Belgrade</p> <p>3. Epileptic seizures: Clinical reflection of the organization and connectivity of the cerebral cortex A. Ristić, Belgrade</p> <p>4. Cortical neuropsychological syndromes: Journey through the surface of the brain B. Salak Đokić, Belgrade</p> <p>5. Q&A</p>	
	Halls 4, 5, 6 and 7		
11.30-12.00	Coffee break		

	Hall 1	Hall 2	Hall 3
12.00-13.30	<p>SYMPOSIUM IN HONOR OF PROF. DR D. LAVRNIĆ: MYASTHENIA GRAVIS – FROM PHYSOSTIGMIN TO MONOCLONAL ANTIBODIES</p> <p>I. Basta, Belgrade Z. Vukojević, Banja Luka</p> <p>1. Etiopathogenesis of myasthenia gravis E. Milošević, Belgrade</p> <p>2. Immunosuppressive therapy in the treatment of patients with myasthenia gravis I. Basta, Belgrade</p> <p>3. New therapeutic options in the treatment of patients with myasthenia gravis S. Perić, Belgrade</p> <p>4. Q&A</p>	<p>MULTIPLE SCLEROSIS J. Drulović, Belgrade S. Vojnović, Niš</p> <p>1. The burden of multiple sclerosis and analysis of therapy effectiveness T. Pekmezović, Belgrade</p> <p>2. Why and when to implement highly effective therapy in multiple sclerosis? J. Drulović, Belgrade</p> <p>3. Elderly people with multiple sclerosis: Should they be treated and how? E. Dinčić, Belgrade S. Vojnović, Niš</p> <p>4. Recently approved immunotherapies for aquaporin4 + NMOSD – A significant advancement in the prevention of relapses Š. Mesaroš, Belgrade</p> <p>5. Q&A</p>	<p>BASIC NEUROLOGICAL DIAGNOSTIC METHODS A. Kačar, Belgrade M. Petrović, Belgrade</p> <p>1. Ultrasonography B. Radovanović, Novi Sad</p> <p>2. Electromyography (EMG) and nerve conduction studies (NCS) A. Kačar, Belgrade</p> <p>3. Electroencephalography (EEG) A. Ristić, Belgrade</p> <p>4. Positron emission tomography (PET) and single-photon emission computed tomography (SPECT) L. Brajković, Belgrade</p> <p>5. Q&A</p>
	Halls 4, 5, 6 and 7		
13.30-15.00	<p>Lunch</p> <p>POSTER SESSION</p> <p>Chairperson: S. Miletić Drakulić, Kragujevac</p>		

	Hall 1	Hall 2	Hall 3
15.00-16.30	<p>SYMPOSIUM IN HONOUR OF PROF. DR M. SVETEL: INVASIVE THERAPY OF PARKINSON'S DISEASE</p> <p>N. Dragašević Mišković, Belgrade S. Popović Kostić, Belgrade</p> <p>1. The spectrum of Parkinson's disease and treatment complications – Why do we need deep brain stimulation (DBS) and other invasive therapies – The concept of continuous dopaminergic stimulation N. Dragašević Mišković, Belgrade</p> <p>2. DBS in Parkinson's disease – When, to whom and why? I. Petrović, Belgrade</p> <p>3. Optimization of Parkinson's disease therapy through the prism of DBS V. Marković, Belgrade</p> <p>4. Infusion therapy in advanced Parkinson's disease – When, to whom and why? M. Ječmenica Lukić, Belgrade</p> <p>5. Q&A</p>	<p>EPILEPSY</p> <p>N. Vojvodić, Belgrade; T. Apostolović, Belgrade</p> <p>1. First epileptic seizure A. Gavrilović, Kragujevac</p> <p>2. Sudden unexpected death in epilepsy (SUDEP) N. Vojvodić, Belgrade</p> <p>3. Epilepsy surgery S. Bašić, Zagreb</p> <p>4. Causes of failure in the surgical treatment of focal epilepsies: The rise of genetic causes M. Kovačević, Belgrade</p> <p>5. Q&A</p>	<p>STROKE</p> <p>Ž. Živanović, Novi Sad Z. Vujković, Banja Luka</p> <p>1. The role of antiplatelet drugs after a stroke due to atherosclerosis Z. Vujković, Banja Luka</p> <p>2. Optimal timing for initiating oral anticoagulant therapy after cardioembolic stroke J. Stanarčević, Belgrade</p> <p>3. Optimization of stroke prevention due to cervical artery dissection V. Pasovski, Belgrade</p> <p>4. Secondary prevention of stroke associated with patent foramen ovale Ž. Živanović, Novi Sad</p> <p>5. Q&A</p>
16.30-17.30		Satellite Symposium	
17.30-18.00	Satellite Symposium	Satellite Symposium	Satellite Symposium

	Hall 1	Hall 2	Hall 3
07.30-09.00	<p>TREATMENT OF MYASTHENIC CRISIS V. Martić Popović, Belgrade I. Berisavac, Belgrade</p> <ol style="list-style-type: none"> 1. Clinical indicators of myasthenic crisis V. Martić Popović, Belgrade 2. Clinical predictors of respiratory crisis in myasthenia gravis S. Rajić, Novi Sad 3. How to treat myasthenic crisis I. Berisavac, Belgrade 4. Q&A 	<p>INTRAVENOUS THROMBOLYTIC THERAPY V. Pađen, Belgrade T. Bošković Matić, Kragujevac</p> <ol style="list-style-type: none"> 1. Indications for intravenous thrombolytic therapy T. Golubović, Belgrade 2. Treatment of complications of intravenous thrombolytic therapy N. Popović, Novi Sad 3. Intravenous thrombolysis in the extended time window T. Švabić, Belgrade 4. Intravenous thrombolysis in specific stroke patients V. Pađen, Belgrade 5. Q&A 	<p>TREATMENT OF VITAMIN DEFICIENCIES AND METABOLIC DISORDERS N. Kresojević, Belgrade S. Vujović, Podgorica</p> <ol style="list-style-type: none"> 1. Acute neurological manifestations and treatment of vitamin deficiencies, glucose metabolism disorders and endocrine encephalopathy A. Pantović, Belgrade 2. Acute neurological manifestations and treatment of hepatic, uremic and other less common metabolic encephalopathies N. Kresojević, Belgrade 3. Electrolyte disorders and acute neurological diseases Lj. Popović, Banja Luka 4. Q&A
	Entrance Hall 1		
07.30-09.30	Registration		

	Hall 1	Hall 2 – Plenary Session	Hall 3
09.30-11.30		<p>PRESIDENTIAL SYMPOSIUM: INNOVATIONS IN THE THERAPY OF NEUROLOGICAL DISEASES</p> <p>D. Sokić, Belgrade R. Raičević, Belgrade</p> <p>1. Innovations in the treatment of epilepsy D. Sokić, Belgrade</p> <p>2. Innovations in the approach to the treatment of multiple sclerosis, neuromyelitis optica spectrum disorders (NMOSD) and myelin oligodendrocyte glycoprotein antibody-associated disease (MOGAD) J. Drulović, Belgrade</p> <p>3. Innovations in the diagnosis and treatment of neurodegenerative diseases N. Dragašević, Belgrade</p> <p>4. Innovations in diagnostic and therapeutic approach for patients with paraneoplastic neurological syndromes I. Basta, Belgrade</p> <p>5. Q&A</p>	

Halls 4, 5, 6 and 7

11.30-12.00

Coffee break

Hall 1

SYMPOSIUM IN HONOR OF PROF. DR V. RAKOČEVIĆ STOJANOVIĆ: FROM PHARAOHS TO CHAPERONES

S. Perić, Belgrade

I. Bilić, Split

1. Myotonic dystrophy type 1 and 2: how the genetic basis determines modern therapy

D. Savić Pavićević, Belgrade

2. Limb-girdle muscular dystrophies

S. Perić, Belgrade

3. Diagnosis and treatment of idiopathic inflammatory myopathies

I. Božović, Belgrade

4. Q&A

Hall 2

NEUROLOGICAL EMERGENCIES – HOW TO DEAL WITH THEM?

D. Jovanović, Belgrade

J. Milojković, Novi Sad

1. Respiratory insufficiency – What must a neurologist know?

P. Stanarčević, Belgrade

2. Acute and subacute quadriplegia – What do we all have to think about?

J. Milojković, Novi Sad

3. Non-convulsive epileptic status in the intensive care unit – Do we think about it enough?

I. Berisavac, Belgrade

4. Hyperosmolar therapy in the treatment of brain edema – When, to whom and how?

D. Jovanović, Belgrade

5. Q&A

Hall 3

NEUROSURGERY FOR NEUROLOGISTS

V. Bašcarević, Belgrade

Dž. Smajlović, Tuzla

1. Deep brain stimulation, the phenomenon of collaboration between neurologists and neurosurgeons

D. Chudy, Zagreb

2. Neurosurgical treatment of acute hydrocephalus

V. Bašcarević, Belgrade

3. Molecular era in the treatment of brain tumor

R. Ilić, Belgrade

4. Lesions of the radial nerve – diagnosis, therapy and outcome

A. Savić, Belgrade

5. Q&A

12.00-13.30

Halls 4, 5, 6 and 7

13.30-15.00

*Lunch***POSTER SESSION**

Chairperson: S. Miletić Drakulić, Kragujevac

	Hall 1	Hall 2	Hall 3
15.00-16.30	<p>SYMPOSIUM IN HONOR OF PROF. DR E. STEFANOVA: ALZHEIMER'S DISEASE – NEW HORIZONS</p> <p>G. Mandić Stojmenović, Belgrade T. Stojković, Belgrade</p> <p>1. Crossing borders in Alzheimer's disease E. Stefanova, Belgrade</p> <p>2. Biomarkers for Alzheimer's disease – implementation in clinical routine? M. Scholl, London</p> <p>3. From vestibular disorders to cognitive deficits: understanding Alzheimer's disease G. Mandić Stojmenović, Belgrade</p> <p>4. How cognitive reserve shapes cognitive functioning: a preventive approach to Alzheimer's disease T. Stojković, Belgrade</p>	<p>MRI IN IMMUNOLOGICAL DISEASES OF THE CNS</p> <p>Š. Mesaroš, Belgrade D. Damjanović, Belgrade</p> <p>1. The importance of magnetic resonance imaging in diagnosis, prognosis and monitoring of the therapeutic effect in MS Š. Mesaros, Belgrade; O. Tamaš, Belgrade</p> <p>2. NMOSD/MOGAD: Is there any difference in neuroimaging findings? N. Veselinović, Belgrade; M. Budimkić, Belgrade</p> <p>3. Autoimmune encephalitis: What to expect on the brain MRI? A. Tomić Pešić, Belgrade D. Damjanović, Belgrade</p> <p>4. CNS vasculitis: spectrum of manifestation on the MRI of the brain M. Mijajlović, Belgrade J. Kostić, Belgrade</p> <p>5. Q&A</p>	<p>CHILDHOOD NEUROLOGY</p> <p>J. Jančić, Belgrade V. Mitrović, Foča</p> <p>1. What is new in the treatment of rare disease? N. Cerovac, Belgrade</p> <p>2. Cannabinoids in the treatment of childhood epilepsy – New knowledge and our experience I. Prpić, Rijeka</p> <p>3. The importance of neuroimaging in hypoxic-ischemic encephalopathy V. Mitrović, Foča</p> <p>4. Modern strategies in the therapy of pediatric and adolescent multiple sclerosis J. Jančić, Belgrade</p> <p>5. Q&A</p>

PROGRAM**DAY 2, November 15**

	Hall 1	Hall 2	Hall 3
15.00-16.30	5. Neurosteroids and Alzheimer's disease: the role of dehydroepiandrosterone sulfate (DHEAS) S. Kostić, Belgrade 6. The phenotype of Alzheimer's disease: atypical presentations M. Semnic, Novi Sad 7. Q&A		
16.30-17.30		Satellite Symposium	
17.30-18.00	Satellite Symposium	Satellite Symposium	Satellite Symposium

	Hall 1	Hall 2	Hall 3
08.00-09.30	<p>MECHANICAL THROMBECTOMY AND STROKE</p> <p>P. Stanarčević, Belgrade M. Vukićević, Belgrade</p> <p>1. Patient selection for mechanical thrombectomy – Who and when? M. Vukićević, Belgrade</p> <p>2. Radiological aspects and the use of artificial intelligence in patient selection for mechanical thrombectomy I. Vukašinović, Belgrade</p> <p>3. The role of the neurologist – The first 24 hours after thrombectomy P. Stanarčević, Belgrade</p> <p>4. What happens after 24 hours? Ž. Živanović, Novi Sad</p> <p>5. Q&A</p>	<p>MANAGEMENT AND TREATMENT OF STATUS EPILEPTICUS</p> <p>D. Sokić, Belgrade B. Biševac, Niš</p> <p>1. The skill of using midazolam for the treatment of SE D. Sokić, Belgrade; B. Biševac, Niš</p> <p>2. Advantages and disadvantages of phenobarbitone in the treatment of SE B. Biševac, Niš D. Sokić, Belgrade</p> <p>3. The use of intravenous levetiracetam, valproate, lacosamide, brivaracetam, phenytoin, magnesium sulfate, and phenytoin in the treatment of SE D. Sokić, Belgrade B. Biševac, Niš</p> <p>4. Q&A</p>	<p>TREATMENT OF NEUROINFECTIONS</p> <p>D. Vlahović, Novi Sad D. Lendak, Novi Sad</p> <p>1. Meningoencephalitis – What would an infectious disease specialist want us to know? D. Lendak, Novi Sad</p> <p>2. Neuroimaging of a CNS infection J. Boban, Novi Sad</p> <p>3. Neurosyphilis and neuroborreliosis – diagnostic and therapeutic challenges D. Vlahović, Novi Sad</p> <p>4. Neuroinfections in patients on immunomodulatory and immunosuppressive therapy V. Suknjaja, Novi Sad</p> <p>5. Q&A</p>

	Hall 1	Hall 2	Hall 3
09.30-11.30		<p>SESSION OF NEUROLOGISTS OF THE WESTERN BALKANS</p> <p>S. Bašić, Zagreb; M. Čukić, Podgorica</p> <p>1. Treatment of advanced PD in Hungary N. Kovacs, Pécs</p> <p>2. Personalized medicine in the diagnosis and treatment of neurodegenerative diseases F. Borovečki, Zagreb</p> <p>3. PET and SPECT in epileptology: 2024 update E. Cvetkovska, Skopje</p> <p>4. Current treatment options for progressive neuromuscular diseases: Euphoria or realistic optimism O. Sinanović, Tuzla</p> <p>5. Stroke in Republika Srpska S. Miljković, Banja Luka</p> <p>6. Q&A</p>	
	Halls 4, 5, 6 and 7		
11.30-12.00	Coffee break		

	Hall 1	Hall 2	Hall 3
12.00-13.30	<p>SYMPOSIUM IN HONOUR OF PROF. DR Z. STEVIĆ: LOU GEHRIG IN THE JAWS OF MND G. Đorđević, Niš Z. Jovin, Novi Sad</p> <p>1. Diagnostic dilemmas of amyotrophic lateral sclerosis G. Đorđević, Niš</p> <p>2. Electrophysiological studies in the diagnosis of motor neuron diseases Z. Jovin, Novi Sad</p> <p>3. Innovations in the treatment of amyotrophic lateral sclerosis Z. Stević, Belgrade</p> <p>4. The role of biomarkers in the evaluation of the response to nusinersen therapy in adult patients with spinal muscular atrophy M. Brkušnin, Belgrade</p> <p>5. Q&A</p>	<p>NEURO-OPHTHALMOLOGY AND NEURO-OTOLOGY O. Tamaš, Belgrade N. Popović, Novi Sad</p> <p>1. Innovations in the evaluation of optic neuritis O. Tamaš, Belgrade</p> <p>2. Causes of vision loss A. Radosavljević, Belgrade</p> <p>3. Acute vertigo from the perspective of an ENT specialist B. Bukurov, Belgrade</p> <p>4. On a carousel – Neurological dilemmas in acute vertigo N. Popović, Novi Sad</p> <p>5. Q&A</p>	<p>SYMPOSIUM IN HONOR OF PROF. DR J. ZIDVERC TRAJKOVIĆ: THE EVOLUTIONARY CONCEPT OF PRIMARY HEADACHES A. Radojičić, Belgrade</p> <p>1. Mysterious facial pain – How far have we progressed in understanding and treatment of trigeminal neuralgia? M. Mijajlović, Belgrade</p> <p>2. Cluster headache and migraine – Are they really different diseases? A. Radojičić, Belgrade</p> <p>3. Personalized treatment of migraine S. Simić, Novi Sad</p> <p>4. Q&A</p>
	Halls 4, 5, 6 and 7		
13.30-15.00	<p>Lunch POSTER SESSION Chairperson: S. Miletić Drakulić, Kragujevac</p>		

	Hall 1	Hall 2	Hall 3
15.00-16.30	<p>SYMPOSIUM IN HONOR OF SCIENTIFIC ADVISOR DR. E. DŽOLJIĆ: ABCD OF CEREBROVASCULAR DISEASES</p> <p>M. Mijajlović, Belgrade A. Tomić, Belgrade</p> <p>1. How does genetics connect migraine and cerebrovascular disease? I. Novaković, Belgrade M. Mijajlović, Belgrade</p> <p>2. Imitators and chameleons of TIA /stroke M. Ždraljević, Belgrade</p> <p>3. Specificities of stroke in women B. Malojčić, Zagreb</p> <p>4. Atherosclerotic disease of small blood vessels of the brain: back to the beginning E. Suljić, Sarajevo</p> <p>5. Q&A</p>	<p>TOURNAMENT OF YOUNG NEUROLOGISTS</p> <p>M. Janković, Belgrade I. Božović, Belgrade</p>	<p>PSYCHIATRY FOR NEUROLOGISTS</p> <p>M. Latas, Belgrade</p> <p>1. Where do neurology and psychiatry meet? M. Latas, Belgrade</p> <p>2. Psychopharmacotherapy for neurologists M. Ivković, Belgrade</p> <p>3. Psychiatric aspects of neurological disorders Z. Pavlović, Belgrade</p> <p>4. Indications for psychiatric consultations M. Lacković, Belgrade</p> <p>5. The connection between neurology and psychiatry through the most common consultative examinations M. Nešić, Belgrade</p> <p>6. Q&A</p>
16.30-17.00	Sattellite Symposium	Sattellite Symposium	Sattellite Symposium
17.00-17.30		Sattellite Symposium
